**RISK MANAGEMENT POLICY**

**Background**

Waterways Leisure Tourism Limited (“**the Company**”) considers ongoing risk management to be a core component of the Management of the Company and understands that the Company’s ability to identify and address risk is central to achieving its corporate objectives.

This Risk Management Policy outlines the program implemented by the Company to ensure appropriate risk management within its systems and culture and is meant to ensure continuity of business and protection of interests of the investors and thus covers all the activities within the Company and events outside the Company which have a bearing on the Company’s business.

The formulation of this Policy is in compliance with Regulation 17(9)(b) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“**SEBI (LODR)**”) vide notification no. SEBI/LAD/NRO/GN/2015-16/013, dated 2nd September, 2015, which was effective from 2nd December, 2015 (90 days from the publication in official gazette) and Section 134(3) of the Companies Act, 2013, which require companies to lay down a risk management plan. Section 134(3) of the Companies Act, 2013 requires a statement to be included in the report of the Board of Directors (“**Board**”) of the Company, indicating development and implementation of a risk management policy for the Company, including identification therein of elements of risk, if any, which, in the opinion of the Board, may threaten the existence of the Company.

g. Optimizing operational efficiency; and

h. Effectively implement and maintain the business continuity plan in all possible adverse situations.

‘Risk’ in literal terms can be defined as the effect of uncertainty on the objectives. Risk is measured in terms of consequences and likelihood. Risks can be internal and external and are inherent in all administrative and business activities. Every member of any organisation continuously manages various types of risks. Formal and systematic approaches to managing risks have evolved and they are now regarded as good management practice also called as Risk Management.

‘Risk Management’ is the identification, assessment, and prioritization of risks followed by coordinated and economical application of resources to minimize, monitor, and control the probability and/or impact of uncertain events or to maximize the realisation of opportunities. Risk management also provides a system for the setting of priorities when there are competing demands on limited resources.

Effective Risk Management requires:

- a. A strategic focus,
- b. Forward thinking and active approaches to management
- c. Balance between the cost of managing risk and the anticipated benefits, and
- d. Contingency planning in the event that critical threats are realised.
